

The A.R.C

AQUARIUM-REPTILE COMPLEX

The award-winning 20,000 ft² Aquarium-Reptile Complex is one of several extraordinary event spaces that Riverbanks is proud to offer. Architecturally, the building is divided into smaller, individual galleries that provide guests with a variety of interesting exhibits, a fun reason to showcase different global cuisines and a more intimate social environment. Highlights include a presentation area featuring a 55,000 gallon coral reef backdrop and such popular residents as sharks, moon jellyfish and gharial crocodiles. Animal Houses are available one hour after the Zoo closes and include tables, chairs, standard linens, background music, set up, clean up and an event manager.
